Register

To begin the application process it is necessary to REGISTER and create a personal profile. After confirming the registration by email you can log in to your profile and start completing the online application form.

You may save your data, log out and log back in to continue at any time. For this purpose, please go to the LOGIN page. Once the application form has been fully completed and sent, changes are no longer possible.

Before starting the application process, we recommend you to have the following documents at hand:

- Curriculum Vitae
- Transcripts of records
- Passport photographs
- Personal statement
- Two Letters of recommendation
- English language proficiency test certificate (If English has not been the language of instruction for the last five years), if already available
- Optionally, other documents proving your qualification
- Declaration of financial support

To allow a trouble-free application process, please make sure that cookies are activated. Should you not have all documents at hand, you may submit them at a later time (within the application deadline).

We are looking forward to your application.

Instructions for Users

Welcome to the application portal of Carl Benz School of Engineering.

In order to get enrollment at the CBS an entrance examination must be successfully passed. Applicants have several options to achieve enrollment. If you feel that you are already proficient in advanced level Mathematics, Physics and Chemistry you have the option to get direct admission by participating in the Early Admissions Exams that are offered either in March or in April. Please then choose application option **A Early Admissions Exams**.

If you feel comfortable with standard level Mathematics, Physics and Chemistry we strongly suggest that you choose to participate in our preparatory course that will prepare you for 8 weeks to pass the entrance examination. Please then choose application option **B Pre-Semester**. Therefore please indicate either application option A or B in the application portal.

In order to optimize your and our planning we will plan to evaluate your application within 6 weeks after its receipt.

After approximately six weeks time we will then officially inform you about the status of your application. That means we will inform you about one of three options

    a. you will be invited to participate in the Early Admissions Exams
    b. you will be invited to participate in the Pre-Semester course and subsequent entrance examination
    c. or your application will unfortunately be rejected

The result of this evaluation is binding at least from the Carl Benz School side. The **official admissions documents** will only be sent out from 1 April of each year onward. Please understand that we are only able to properly evaluate your application if submitted completely and all necessary documents are included except for the proof of your English proficiency and your final transcripts of records which can be handed in later (but within the application deadline).

Financial Declaration

Please provide information about your financial arrangements.

⊟ Financial declaration

All expenses will be paid by
Family resources (Letter of Financial Declaration from my father attached)

I have applied for financial support from

Please state clearly which organization/institution.

I will apply for a scholarship individually

Please state clearly which organization / institution.

At the moment, Carl Benz School does not offer scholarships/ aid/ loans. After the first year of studies, merit-based partial scholarships might be available but it is advisable that applicants make sure they have enough personal financial resources to support the entire duration of their studies including room and board here.

* mandatory field

If you are a self-paying   student applying for admission to CBS, your likely answer is shown here.
